Hope Church Little Ones

We have started a new class for our young attenders. For the past year, we have been teaching about 120 kids in one classroom. We are now able to borrow an additional classroom, so we have separated the kids who are Kindergarten-aged and younger into their own class. They are delighted!

“For all of you who were baptized into Christ have clothed yourselves in Christ.” Galatians 3:27

We love teams because of the impact they can have on people, ministry, and work here. We also love teams because of the impact that the people, ministry, and work here can have on them. On Good Friday, a team arrived from Valley Christian High School in San Jose, CA. Before beginning any work, Jeff talked with them about ministry, missions, commitment, and Jesus. 8 team members made fresh commitments to Christ (a few for the first time) and chose to declare that commitment in water baptism on Resurrection Sunday morning. Praise the Lord!!

Our theme for Hope Church this year is “Victory With Jesus in 2018.” We started the year with a teaching series focusing on how to walk in victory in all the different aspects of our lives. We have seen people receive victory over illness, over unemployment, over temptation and habitual sin, in relationships, in parenting... learning to trust that “It is the Lord your God who goes with you to fight for you against your enemies to give you victory!” (Deuteronomy 20:4 -our church-wide memory verse) Following that series, more than 20 people have also chosen to celebrate that victory by following Jesus in water baptism!

HOPE MINISTRY CENTER -HOMEFRONT

We are striving to be good stewards of all that God has provided! When we moved into the home on the new property of Hope Ministry Center, there were many repairs and maintenance updates that were needed. The home and garden had been rented to a variety of families, some wonderful ministry friends as well as others, over the years and had, over the years, worn into disrepair. We have been working steadily to repair and make improvements that will ensure that it will last for many years, and many teams, interns, and visitors to come! We look forward to the day the last dollar is repaid on the property so that we can begin building foster homes, a shelter, and a community center “outside the fence” as well!
