We are thankful for...

Hope Church Baptisms!

It is so exciting to see disciples growing in Christ!

We LOVE to see believers starting young and choosing to follow Jesus for a lifetime! What a blessing to be able to baptize children and youth! Chris' 4 older siblings were baptized last year. This year, he and his mother (in the photo below) were both baptized!

David was badly burned, about 2 weeks ago, when he went back into his burning home to get his children out (no fire department to call in Freedom Park). Yet, he still wanted to follow Jesus' instructions and be baptized since he believed.

Chipo started coming to church because of the relentless prayers of her 5 children. She quickly met Jesus and started following Him wholeheartedly. To hear her pray, you would think she has trusted Jesus her whole life. She has become a true disciple.

Mamosonto started coming to church to get the free formula and diapers we offer. When we met her, she was suspected of a crime. Hope Church walked with her through court appointments and counselling. She met Jesus and began to be discipled. She is terrified of water, but she wanted to be baptized. Shaking and crying with fear, she entered the water and came out victorious. Only Jesus!!!

And, of course, we are grateful for friends and family like YOU who walk with us. You celebrate with us, pray with us, invest with us! You are a part of everything that God does through Engage Africa!

Thank you!
