September 2016

There's a new sheriff in town!

There is an old shipping container in the same fenced-in area in which we have been borrowing space to meet for church. This container was once a police station, but that station was burned out in a strike riot a few years ago. Since that time, it has been abandoned, left in disrepair, and only used for drugs and crime. This year, it has been refurbished. Teams from Valley Christian School in San Jose, California and Christian Life School in Kenosha, WI spent days sanding, cleaning, and painting. The men of Hope Church spent days painting, laying cement, installing windows, and welding. Now, this container enters a new season as the new home for Hope Church to begin to put down roots in Freedom Park.
